Handmade with Care in Edinburgh

From its humble roots in a food truck serving porridge, Stoats has grown into a bustling Edinburgh bakery. Each product is still handmade, reflecting over 20 years of dedication to delicious, honest food.

Natural Ingredients, Honest Recipes

Stoats uses simple, natural ingredients to craft baked goods that deliver on both taste and tradition.

Sustainability at Heart

Since 2018, Stoats has embraced compostable and recyclable packaging, continually reducing its environmental footprint.

Aiming for Net Zero

In partnership with Net Zero International, Stoats aims to halve carbon emissions by 2030 and reach Net Zero by 2045.

A Refreshing Taste of Tradition

Summerdown Mint brings you the bright flavor of Black Mitcham peppermint, a heritage crop revived after being lost to England for decades.

Sustainably Grown in Hampshire

The mint is grown on the family-run farm, creating a natural habitat for peacocks, bees, and butterflies.

Uniquely British Mint

As the only UK producer to grow and distill their own peppermint, Summerdown ensures unparalleled quality in every product.

Reviving a Lost Flavor

Black Mitcham peppermint, brought back from the U.S. over 30 years ago, is prized for its extraordinary character.

From Field to Treat

Every chocolate and tea is crafted from homegrown peppermint, delivering a taste as fresh as the Hampshire fields themselves.
